Dear Committee,

Hope you are all alright
and in the best of health and keep the
struggle going on.

Well we have started the Nottingham
Asian Youth Movement over 3 months ago. We
hope that this organisation will lead to
the togetherness of young people from the
Indian sub-continent (or originating from), so
that we can help ourselves and the community
on problems of racialism and discrimination and
at the same time undertake cultural, social
and sports activities.

Presently in Nottingham, there is no Asian
organisation calling our communities to unite
around the issue of Immigration laws or
other aspects of 'state racism' and campaigning
against them. We, in the Nottm. AYH see
ourselves in the role of uniting our communities
against these laws and taking other issues
up such as Southall, the SOS laws etc and
vigorously campaigning on them. We are at present

making a big impact on our people through the 'media' i.e. Radio, and leaflets around the meeting we are organising for the 'Black Freedom March Support Committee' on 30th March.

In order to unite the Asian community around the issue of Immigration laws, we would like if Anwar Ditta or someone from the Defence Committee ^{could} ~~can~~ come to speak on 'How Anwar's family is being destroyed by the Immigration controls. This meeting will be held at the Pakistan Friends League Centre either on Sunday 20th or Sunday 27th April at 3pm. We would appreciate if you consider these dates and let us know as soon as possible so that the necessary arrangements can be made i.e. booking of room, leaflets etc.

Further, we in the Nottm AYM are holding a fundraising Social on 3rd April and if it is successful hope to give you a donation. Finally can you let us know if anything new has arisen since the 'demo' on 1st March.

Yours truly,

Parbinder Singh
