

ANWAR DITTA DEFENCE CAMPAIGN

BRING ANWAR'S CHILDREN HOME!

HANDS OFF MULLANAH HASHMI!

The Anwar Ditta Defence Campaign gives its full support to the campaign against the deportation of Mullanah Hashni. The threat to deport the Mullanah is an attack not only on one man, but on the Islamic community in Halifax and on all black people in Britain.

Anwar Ditta has been fighting the racism of the British imperialist state for four years, for four years the racists of the Home Office, under Labour and Tory governments have denied these children the right to be united with their parents, Anwar Ditta and Shuja Ud Din. At the start of the campaign the CRE told Anwar it was useless to fight, 'just wait patiently for your appeal', they told her! Anwar rejected the lie that the Home Office could not be fought and began to campaign. Now, after numerous meetings, pickets and successful demonstrations in Rochdale and Manchester, the Home Office have been forced to bring forward Anwar Ditta's appeal - the result is expected any day now. If the children are not allowed immediate entry the campaign will continue until the racist Home Office is defeated and this family is united.

The Anwar Ditta Defence Campaign calls on all anti-racists to support the struggles of Anwar Ditta and Mullanah Hashni.

Send a telegram to the Home Office (Queen Annes Gate, London) demanding Anwar's children be allowed immediate entry!
