Framed by the Police, Charged with Conspiracy , Facing LIFE IMPRISONMENT

THE BRADFORD 12 ARE FRAMED BECAUSE THEY FOUGHT STATE RACISM

Everyday our families are split apart by the racist Immigration Laws. Our homes are raided by Immigration Officers. We are harrassed by the police on the streets and arrested on any pretext. We are criminalised through arbitrary charges confirmed by the racist judiciary.

They played a major role in the struggle of Anwar Ditta, Jaswinder Kaur and Nasira Begum against the racist Immigration laws and of Gary Pemberton against the lying West Yorkshire police.

THE BRADFORD 12 ARE FRAMED BECAUSE THEY DEFENDED THE BLACK COMMUNITY

Our mothers and fathers, sisters and brothers are attacked and murdered in the streets. The police do nothing. Our homes and places of worship are burned to the ground, nobody is arrested. Families are burned to death. The murderers and firebombers speak openly of their organised violence against our communities. In Bradford people face racist attacks everyday. For example on July 14th a white gang with a petrol bomb attacked an Asian shoolboy. On July 24th two Asian homes were gutted by racist firebombers.

The only Conspiracy is Police Conspiracy - DROP ALL CHARGES NOW

POLICE STATE IN ACTION

For years Britain has been a police state for black people. This year the repression has been stepped up by paramilitary attacks on the black communities - the army of occupation in Brixton, police vehicles crushing people to death and CS gas bullets in Liverpool and highly developed surveillance techniques all over Britain.

In Bradford black youth have faced increased surveillance over the last 18 months. The 'riots' were an excuse to arrest our brothers and frame them for conspiracy.

While the racist attackers of Asian homes on the 24th of July are out on bail, our brothers are being held in prison and refused bail.

BLACK PEOPLE ARE FIGHTING BACK. In Bradford the whole community has rallied behind the Bradford 12 and formed the July 11th Action Group - a broad based campaign.
