HANDS OFF LEBANON AND THE PALESTINIANS!

ALL WELCOME

To all trade unionists taking lunch with the Israeli Trade Union Federation - a simple message from the children of Palestine and The Lebanon.

Dear Friends,

As you sit down with the Histadrut, which along with its political wing, supported the massive invasion of the Lebanon which has killed more than twenty thousand, wounded more than 80 thousand and made homeless (again) more than 500,000 of our mothers, fathers, sisters, brothers...

Which supported the expulsion of our families from their homes in 1948, and our hunting out of our refugee camps in 1967, and our latest nightmare in the Lebanon...

And which cares nothing for what will happen to us now...

Brothers, Sisters,

As you sit down with the Histadrut
