Asian Youth Movement

If you are sick of hanging around students who waste their time posing about the Union Bar, then why don't you do something constructive and join the Asian Youth Movement Society (AYM Soc). →

Unlike the Asian Society, we recognise that life goes on outside the student circles and academic studies we feel that as Asian students we have a responsibility to our community which is constantly under attack and continuously facing deportations under racist immigration laws.

The AYM Soc has been in existence for 2 years. During this time we have organised a whole number of topical meetings, debates, eg. we brought together members of different black groups and societies to oppose the "New Police Bill", and have organised fund raising socials, film shows and conferences. As members of the Students Union, we have pressurised the local and National Executive to formulate anti-racist policies and practically respond to the needs of Black and overseas students. Last year, we successfully fought for the rights of a Sri Lankan Tamil student under threat of deportation, to stay in this country and continue his studies. At the Students Union Annual General Meeting, we confronted and defeated racist opposition to our proposed resolution in support of Black self defence and Newham 8.

So if you are interested or would like more information, please see us at the Societies Fayre in the Nelson Mandela Building, or contact Sheffield AYM at Commonground, 87 The Wicker, Sheffield 3. Tel: 22991.
