

## UNION CARBIDE KILLS

The leak of deadly MIC gas at Union Carbide's factory in Bhopal was the worst industrial disaster ever. 10,000 people were killed and 200,000 others were injured.

But the people of Bhopal are fighting back. They have demanded that Union Carbide give them the plant so that alternative production of cheap and useful goods can be set up. One year on Union Carbide has failed to accept this demand.

WE THE UNDERSIGNED SUPPORT THE DEMANDS OF THE PEOPLE OF BHOPAL. IN A SPIRIT OF SOLIDARITY WITH THEIR STRUGGLE WE CALL ON UNION CARBIDE TO HAND OVER THE BHOPAL PLANT TO THE WORKERS AND PEOPLE OF BHOPAL
