

STOP RACIST ATTACKS!

The Khan family in Highfields have been living under virtual siege conditions. Since September 1983 bricks, bottles, concrete chunks and metal pellets have been hurled through their windows. During the night their doors have been kicked, the outside fence has been pulled down and racist abuse has been shouted such as "Paki's go home" and "You black bastards". During this whole period Mr Khan has informed the police on every occasion, however, no action has been taken, even though the racists responsible have been identified.

The family are afraid to go out or to be left alone in the house. Mr Khan has given up his weekend job as a taxi-driver because he's so worried about his three young children being injured, Mr Khan's mother has said :-

"We live in constant fear of further attacks, we just can't continue like this, the next time it might be too late. We must organise now to make it impossible for them to attack us"

LET'S DEFEND OUR COMMUNITY AND ISOLATE THE RACIST THUGS NOW!!

The attacks on the Khan family are the latest in a catalogue of racist attacks that have gone undetected in the Highfield/Neatheredge areas. The Khan family's experience with the police comes as no surprise to us. Whilst the racists have attacked our taxi's, restaurants, and our homes, the police have not only been busy criminalising innocent black youths on trumped-up charges (Zafar Iqbal) but they have been mounting a vicious paramilitary campaign against the miners on the picket lines.

We believe that unlike the police, local residents of Highfields should organise to ensure that there is no repetition of these vicious attacks !

LET'S DEFEND OUR COMMUNITY AND ISOLATE THE RACIST THUGS IN OUR AREAS !
