

MINERS

We printed 1000 leaflets at the Asian Resource Centre (ARC) in three different languages, Hindi, Punjabi, and English. Distributed them in a predominantly Asian area, made four collections and raised £247 pounds and large amounts of food for Kersley pit. But have encountered problems with the Police. They entered the ARC asking who made the collections and saying they will prosecute. Also they hinted that the grant comes up for renewal soon. So we cannot do further collections until we get proper authorization.

NEWHAM 7

We have drafted a leaflet explaining what is happening in Newham and will distribute it on the Foleshill Road. We have also arranged a public meeting at the Barras Green Social Club on the 7th Sept. Where we have invited a speaker from Newham and a speaker from the Keoal Brothers dispute and a striking miner from Kersley. Also we have hired a mini bus and are hoping to have approximately 15 representatives from Coventry.

ARC

We had hoped to have used the ARC as our base to work from. Due to some internal problems in the centre we have taken a back seat for the time being. Within the next few weeks we hope the problems will be resolved so we can have somewhere to work from.
