Dear Sir

I refer to your recent letter to the Chief Constable of West Yorkshire Metropolitan Police, in which you make a number of complaints surrounding events before, during and after the recent meeting at Hutton School.

I would advise you that the Chief Constable has sought the appointment of a senior officer from another Police Force to carry out this investigation, and I am such officer.

You may be aware that a number of people were arrested at the meeting, and as my investigation must cover all events that took place then the matter is sub judice and I do not propose to proceed until the conclusion of all the Court cases. When that stage is reached I will contact you again to progress my enquiries.

Yours faithfully

B. W. Hoselvy

Chief Superintendent
