Dear Mr Qadir,

I am writing as a member of the Police Complaints Authority about the complaint you made on 9th May against an officer of the West Yorkshire Metropolitan Police.

Having considered the information, it has been decided that the Authority will supervise the police investigation of your complaint.

At the end of the investigation the Authority will issue a statement indicating whether or not it was conducted to our satisfaction.

I must point out, however, that the Authority do not normally enter into detailed correspondence with individual complainants, about the conduct or progress of the investigation.

Yours sincerely,
